

The logo consists of the characters '3b' in a bold, sans-serif font, enclosed within a white square. The background of the entire page is a photograph of a modern building with a steep, corrugated metal roof and dark horizontal timber cladding. The building has large glass doors on the left side, revealing an interior kitchen area. The surrounding landscape is lush with green trees and grass, and the sky is overcast.

COMMERCIAL KITCHEN

Location: Tongue

Client: WildLand

The Commercial Kitchen forms part of the wider WildLand development, providing a purpose-built catering facility to support the day-to-day operations of the estate. Designed to complement the surrounding buildings, the development combines practical functionality with a high-quality architectural finish.

3b Construction delivered the building using a combination of structural steel and off-site manufactured timber components, providing an efficient and sustainable construction solution suited to the remote Highland location. The project was carefully coordinated to integrate seamlessly with the wider estate development.

The building also included a high-specification internal fit-out designed to accommodate commercial catering and service functions. The completed facility reflects 3b Construction's expertise in delivering high-quality, purpose-built buildings that support WildLand's long-term vision for sustainable development and exceptional guest experiences.
